 Australian House of Representatives

# Bob Charles - your local representative in Canberra

*The working heart of LaTrobe — small business.*

*Providing for the future.*

*Families need greater interest rate certainty & choice in housing.*

## Bob Charles, MP — Standing Up for the People of La Trobe

Bob Charles has represented the people of La Trobe since 1990. He knows - and you know - that the enormous potential of our local community has been wasted under Labor. We've seen the effect of Labor's policies on industry and small business and on home loan interest rates. In the face of this Bob Charles has been giving the people of La Trobe strong representation in the Federal Parliament.

- He voted against a rise in the Medicare Levy.
- He voted against sales tax increases on everyday products.
- He voted against an increase in fuel tax.

He has been responsive to the views of the people he represents and he has always kept in touch via his regular newsletter. It's important that we return Bob to Canberra as our local Member.

Bob Charles continues to work to create local jobs, restore hope for our young people, revive confidence for small business and give greater certainty to families and security for our seniors. He'll help to get the Federal health system back on the rails, and by promoting sustainable economic growth he'll help create a climate for stable interest rates.

Bob has a proven commitment to working with the local community to retain the unique characteristics of our natural heritage. His record of support for the local environment is well known.

Bob Charles will continue to give you very good value for your vote.

*Affordable health care — the issue of most concern to residents in LaTrobe.*

*Bob Charles — committed to quality education.*

*The "Australia Remembers" programme gave us all a chance to say "Thank you".*
